Dear Michael,

All the "product" we have is prior to 2008. Do you want this older "product"?

If so, before I start looking for historic maps, etc. can you provide the maps that your contractors have created for the site. I don't want to send you maps of older data that that your contractors have either incorporated or have replaced with newer data.

Thanks,

John

John,
Have you had a chance to work on this?
Michael
